I chose to enter Hua Yi through DSA (Volleyball) because my primary school teacher, who is an alumnus of Hua Yi, shared about her positive schooling experiences as a student here.

As a DSA student, I joined the team for volleyball training after my PSLE and also participated in several friendly matches earlier this year. I like the spirit of Hua Yi volleyball team where the members give their best in the things they do.

I chose to enter Hua Yi through DSA (Basketball) because Hua Yi is known for their sports and it is a school with a good reputation. My experiences so far have been very positive.

Though I entered the school through DSA, I do not expect myself to be treated differently from the others. I know like all other members, I have to work hard and earn the respect of my team-mates and coaches.
